4. EVALUATION AND CONTRACT AWARD

4.1 EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this solicitation and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team, to be designated by EFSEC, which will determine the ranking of the proposals.

EFSEC, at its sole discretion, may elect to select the top-scoring firms as finalists for an oral presentation.

4.2 EVALUATION WEIGHTING AND SCORING

The following weighting and points will be assigned to the proposal for evaluation purposes:

Proposal

Project Approach/Methodology	15 points
Qualifications/Experience	30 points
Cost Proposal	30 points

GRAND TOTAL FOR WRITTEN PROPOSAL 100 points

4.3 ORAL PRESENTATIONS MAY BE REQUIRED

EFSEC, at its sole discretion, may elect to select the top scoring finalists from the written proposals for an oral presentation and final determination of contract award. Should EFSEC elect to hold oral presentations, it will contact the top-scoring firms to schedule a date, time and location. The oral presentations will be considered independently of the written proposals and if held will determine the successful proposer. If there are any additional commitments made by the proposer during the oral interview, they will be considered binding.

4.4 NOTIFICATION TO PROPOSERS

Firms whose proposals have not been selected for further negotiation or award will be notified via FAX, e-mail, or letter.

4.5 PROTEST PROCEDURE

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Consultants under this procurement.

All protests must be in writing and signed by the protesting party or an authorized Agent. The protest must state the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included. All protests shall be addressed to the RFP Coordinator.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of the evaluator.

- Errors in computing the score.
- Non-compliance with procedures described in the procurement document or EFSEC rules.

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the quality of a proposal, or 2) EFSEC'S assessment of its own and/or other agencies needs or requirements.

Upon receipt of a protest, a protest review will be held by EFSEC. The EFSEC Chair or an employee delegated by the EFSEC Chair who was not involved in the procurement will consider the record and all available facts and issue a decision within five business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Consultant that submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFP Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold EFSEC's action; or
- Find only technical or harmless errors in EFSEC's acquisition process and determine EFSEC to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide EFSEC options which may include:
 - Correct the errors and re-evaluate all proposals, and/or
 - Reissue the solicitation document and begin a new process, or
 - Make other findings and determine other courses of action as appropriate.

If EFSEC determines that the protest is without merit, EFSEC will enter into a contract with the apparently successful contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.
