#### 2. MINUTES

EFSEC members, staff, and Puget Sound Energy (PSE) personnel toured the Wild Horse Wind Power Project where PSE proposes to build a Solar Demonstration project at two locations. The first location visited was the old Quarry #1 site where solar panels totaling approximately 450 kilowatts are planned to be installed. The second location visited was the Visitor Center (currently under construction) where the remaining solar panels totaling approximately 50 kilowatts are planned to be installed adjacent to the building.

No action was taken.

#### 3. ADJOURN

The site tour ended at approximately 3:10 pm.
