

RESOLUTION NO. 168

WHEREAS By federal regulation, 10 CFR 50 & 10 CFR 50 Appendix E, the operation of nuclear facilities is subject to federal approval of a satisfactory Emergency Response Plan, and

WHEREAS The specifications for such plan have been so altered as to require the development of a new plan, and

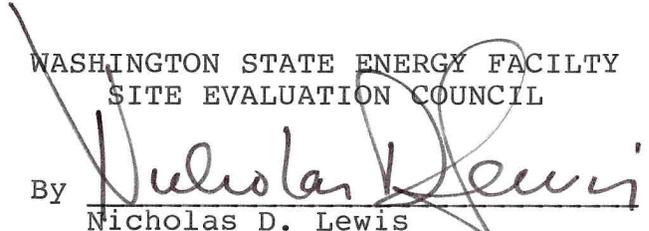

WHEREAS The development costs of a new Emergency Response Plan are being underwritten by the sponsors of nuclear power plants, and

WHEREAS The Energy Facility Site Evaluation Council recognizes that the development of an Emergency Response Plan will bring generic benefits to all entities operating nuclear facilities within the State of Washington, including the federal government, now

THEREFORE BE IT RESOLVED That to equitably share in the costs of developing such plan, the Energy Facility Site Evaluation Council will accordingly solicit such federal payments as might be appropriate to proportionately credit the original underwriters of the Emergency Response Plan.

Dated this 14th day of April 1980.
