

BEFORE THE STATE OF WASHINGTON  
ENERGY FACILITY SITE EVALUATION COUNCIL

In the Matter of  
Application No. 2006-01

ENERGY NORTHWEST  
PACIFIC MOUNTAIN ENERGY CENTER  
POWER PROJECT

NOTICE CANCELLING ORAL  
ARGUMENT

The Washington State Energy Facility Site Evaluation Council (EFSEC) previously issued a notice on November 2, 2007 that it would hear oral argument and conduct a prehearing conference in this matter starting at 10:00 a.m., November 13, 2007, at the Town Square, Building 4, Conference Room 301, 905 Plum Street SE, Olympia, Washington 98501.

Prehearing Conference Order No. 832 noted that argument would be held unless cancelled. Council members have now reviewed initial briefs on questions presented by the Council, and are confident that those briefs, coupled with the content of answering briefs to be filed November 8, 2007, (**incorrectly noted in the earlier notice as November 9, 2007**) will adequately frame the issues, and that the parties should not be put to the additional burden of framing and presenting oral argument.

The prehearing conference previously established by notice will be held as noticed at 1:30 p.m., November 13, 2007, and the parties are asked to provide the information requested in the prior notice, on the schedule established in that notice.

WASHINGTON ENERGY FACILITY SITE EVALUATION COUNCIL

Dated in Olympia, Washington this 6th day of November, 2007

  
Allen J. Fiksdal, EFSEC Manager
