August 4, 2015

**ADDENDUM TO
DETERMINATION OF NONSIGNIFICANCE
Dated May 15, 2015**

**AMENDMENT OF CHAPTER 463-78 WAC - GENERAL AND OPERATING PERMIT
REGULATIONS FOR AIR POLLUTION SOURCES**

EFSEC proposes to amend its air quality rule, Chapter 463-78 WAC, through adoption by reference of Ecology rule revisions that were implemented in 2010 through 2012. EFSEC issued a Determination of Nonsignificance (DNS) and Adoption of Existing Environmental Documents form on May 15, 2015. The May 15th DNS did not reference two SEPA checklists associated with Ecology's 2011 rule revisions. These two checklists are incorporated into this DNS addendum as 3 and 4, below.

The May 20th DNS also did not reference a new EFSEC drafted checklist that addresses adoption of certain parts of Title 40 Part 60, Code of Federal Regulations, new source performance standards, that may be applicable to potential EFSEC projects. This checklist has been added to this addendum as 5, below.

EFSEC is issuing this addendum to notify the public of the availability of the two additional existing checklists (3 and 4, below), the newly prepared checklist (5) to adopt the federal performance standard, and this revised DNS.

3. Title of document being adopted Environmental Checklist for Amendments to Chapter 173-400 WAC - General Regulation for Air Pollution Sources and Chapter 173-401 WAC - Operating Permit Regulation.

Date adopted document was prepared June 15, 2011.

Description of document (or portion) being adopted The Ecology environmental checklist proposed for adoption evaluates the potential environmental impacts of revisions to Chapters 173-400 and 173-401 WAC.

If the document being adopted has been challenged (WAC 197-11-630), please describe:

The Ecology SEPA checklist was not challenged.

This checklist can be accessed at: <http://www.efsec.wa.gov/rulerev.shtml>

4. Title of document being adopted Environmental Checklist for Amendments to Chapter 173-400 WAC - General Regulation for Air Pollution Sources.

Date adopted document was prepared August 2, 2010.

Description of document (or portion) being adopted The Ecology environmental checklist proposed for adoption evaluates the potential environmental impacts of revisions to Chapter 173-400 WAC.

If the document being adopted has been challenged (WAC 197-11-630), please describe:

The Ecology SEPA checklist was not challenged.

This checklist can be accessed at: <http://www.efsec.wa.gov/rulerev.shtml>

5. Title of document Environmental Checklist to adopt parts of 40 CFR Part 60 – New Source Performance Standards.

Date document was prepared June 15, 2015.

Description of document This EFSEC environmental checklist evaluates the potential environmental impacts of revisions to Chapter 173-400.

If the document has been challenged (WAC 197-11-630), please describe:

The SEPA checklist was not challenged.

This checklist can be accessed at: <http://www.efsec.wa.gov/rulerev.shtml>
