

Responses to Comments in Letter 126 from K.G. Mikism, Resident

Note: The responses listed below are numbered to correspond to the numbers shown in the right-hand margin of the preceding comment letter.

1. Thank you for your comments.
2. The 115 kV power lines that run through Whatcom County are no longer part of the project. Only the 230 kV line to Canada is included in the project. Please see General Response B for discussion of power line impacts in Canada.
3. Please see Letter 3, Response to Comment 2 for discussion of air quality impacts in Canada and the Fraser Valley.
