

**Responses to Comments in Letter CO1 from
Lee Larkin, Chilliwack Field Naturalists**

*Note: The responses listed below are numbered to correspond to the numbers shown
in the right-hand margin of the preceding comment letter.*

- 1-2. Comments acknowledged.

- 3-5. These comments are outside the scope of this SEIS. Air emissions and their impact on soil acidification were evaluated in the FEIS issued in February 2001, as well as through the Prevention of Significant Deterioration permitting process.
