On August 22, 2016, The City of Vancouver filed a Joint Motion for Extension of Time to File Post-Hearing Briefs on behalf of the City and the other opposition parties. The reason given for this request is the fact that the requesting parties must operate with limited funds, which does not allow them to purchase the voluminous adjudication hearing transcripts for this matter as soon as they are prepared by the court reporter, requiring them to await the general release of the transcripts to the public by EFSEC. For this reason, these parties asked that the deadline for submittal of the post-hearing briefs be extended for all parties through and including Friday, September 2, 2016.

Based on the reasons stated in the motion, and also based on the fact that the Council has not yet issued its written decision on the parties' pre-hearing motion concerning publicly operated treatment works authority, I find that the parties' request for an extension of time is reasonable and enter the following

**ORDER**

The deadline for all parties' submittal of post-hearing briefs is extended, and the adjudication record shall remain open until the close of business **Tuesday, September 6, 2016.**

DATED and effective at Olympia, Washington, the 29th day of August, 2016.
