Mr. Stephen Posner

Dear Mr. Posner,

Why don't we check out the leadership of the oil companies regarding their confidence that the process that they will carry out with this shipping plan is completely safe. Let's make an oil spill a capital crime and the leadership of the company will become identified as the perpetrator and defendant in court of said crime and must pay with their lives. Let's see how much they trust their company to keep us safe from oil spills and the hazards of shipping crude oil into Vancouver Washington or any place else for that matter. Why should they be free to destroy our homes and our lives without a serious penalty? Is it because they have more clout and money than the rest of us?

Sincerely,

Mr. Kermit Buchanan
