David W. Sjoding

Summary of qualifications, experience and strengths

- Twenty-four years experience in the field of energy with a concentration in energy efficiency, renewables, distributed generation and climate change
- Twenty-four years experience in a variety of management positions in a state energy office or landgrant university extension energy program
- Broad and rich understanding of energy issues and perspectives
- Invited speaker/presenter on energy issues and topics in a wide variety of settings: Congress, Legislature, TV, radio, newspaper, conferences and workshops including 25 major presentations in the last few years
- Service as Chair of the Power Washington Review Committee for a decade. This committee developed a statewide consensus to allocate over \$95 million in oil overcharge settlement funds with multiple competing interests
- Certified Energy Procurement Professional from the Association of Energy Engineers
- Served on the Washington State University Steam Plant/Combined Heat and Power Design Team. The new facility is now under construction
