

## ATTACHMENT 2

Summary of public comments for the transfer of the SCA and associated permits, removal of laydown areas 1 and 3, modification of wetland mitigation provision and implementation of a no use water agreement with Intalco and the Whatcom County PUD.

1. **Grays Harbor County**, letter dated February 20, 2008 received February 22, 2008, signed by Brian Shea, Director, Planning and Building Division. Reviewed Environmental Checklist and SEPA DNS and concurs the proposal does not represent a probable significant impact.
2. **Kathy Cleveland**, letter dated March 8, 2008 received March 11, 2008. Comments concerned: holding public meeting in Olympia violates 14<sup>th</sup> amendment of the Constitution. Believes the hearing should be held in Whatcom County near the project. Cites RCW 80.50.090 (1) for claiming the meeting should be held near the project. This section deals with public meeting requirements for an SCA application. Applicable section for public meetings related to SCA amendments is WAC Chapter 463-66 which allows the Council to set the time and location for public meetings. Letter also brings up issues related to air quality, particulate matter and relevance of information in the final EIS. All are unrelated to this action. Concerning modifications to wetlands provisions she claims insufficient information was given. All information related to this action was posted on our website or available by contacting EFSEC.
3. **Bruce Marvin, Council for the Environment**, letter dated March 11, 2008 received March 11, 2008. Comments concerned: Transfer of the SCA: No Objection; Remove Laydown Areas 1 and 3 and associated stormwater treatment facilities from the SCA: Questions re. the Brown Road Material Storage Area, requests assurances that documentation be provided to EFSEC showing that use of BRMSA for construction laydown is consistent with the BRMSA current permitted uses; Modification of wetland mitigation provisions: No objection; No Use Water Project: No objection.
