14 **RNP PREFILED SUPPLEMENTAL DIRECT TESTIMONY**
15 **WITNESS #2: TED CLAUSING**

16 Q Has your analysis of project impacts changed since you submitted pre-filed testimony?
17

18 A I submitted pre-filed testimony in August, 2004. Since that time, the number of
19 turbines at the project has been reduced from 120 to 64 turbines, and additional
20 environmental review completed. The changes to the project do not alter my original
21 testimony. The proposal continues to be consistent with the Washington Department
22 of Fish and Wildlife Wind Power Guidelines, and the revised project layout does not
23 create any additional, unavoidable adverse impacts on wildlife.
