

## BIBLIOGRAPHY OF DAVID F. DICKINS

American Petroleum Institute. May 1998. Petroleum Industry Environmental Performance - 6th Annual Report. Washington, D.C.

Baker, J.M, R.B. Clark, P.F. Kingston and R.H. Jenkins. June 1990. Natural Recovery of Cold Water Marine Environments after an Oil Spill. Paper presented at the 13<sup>th</sup> Annual Arctic and Marine Oilspill Program Technical Seminar.

California State Lands Commission. March 1994. Draft Environmental Impact Report for Consideration of a New Lease for the Operation of a Crude Oil and Petroleum Product Marine Terminal on State Tide and Submerged Lands at Unocal's San Francisco Refinery Oleum, Contra Costa County- Appendices Volume. Prepared by Chambers Group Inc. for the State of California , Sacramento, California.

Chambers, T. Dec 14, 1998. Reese-Chambers Systems Consultants Inc., (pers. comm. with D. Dickins).

33 CFR §157 10d (new construction standards for double hull tank vessels).

Cohen, P. and R. Aylesworth. August 1990, Final. Oil Spill Risk Southern B.C./Northern Washington Coast Marine Area. prepared by Environment Canada, issued as App. VII: Prevention Alternatives Subcommittee Technical Report, States/B.C. Oil Spill Task Force, Victoria, B.C. and Olympia, Washington.

Cross Cascade Pipeline - Draft Environmental Impact Statement. September 1998. U.S.D.A. Forest Service and Washington State Energy Facility Site Evaluation Council, Appendix A, Spill Risk Information.

Department of the Army, Corps of Engineers. Waterborne Commerce of the United States: Part 5 - National Summaries, Calendar Years 1992 to 1996. Produced by Waterborne Commerce Statistics Center, New Orleans, Louisiana.

Department of Ecology. April 1997. Oil Spills in Washington State: A Historical Analysis. Publication No. 97-252 prepared by J. Neel, C. Hart, S. Chan and D. Lynch, State of Washington, Olympia, Washington.

Hatfield, P. H. Peter S. Hatfield Ltd. Naval Architects, (pers. comm. December 15, 1998).

Lanfear, K.J. and D.E. Amstutz. 1983. A Re-examination of Occurrence Rates For Accidental Spills on the US Outer Continental Shelf. In proceedings of the 8<sup>th</sup> Conference on the Prevention, Behavior, Control and Cleanup of Oil Spills, San Antonio, Texas.

Mastandrea J. 1999. Risk Analysis of the Cross Cascade Pipeline. Report prepared for the Cascade Columbia Alliance.

Mastandrea J. January 1982. Petroleum Pipe Line Leak Detection Study. Report prepared by NDE Environmental Corporation for the Office of Research and Development, U.S. Environmental Protection Agency, Cincinnati, Ohio.

National Research Council. 1998. Double-hull Tanker Legislation: An Assessment of the Oil Pollution Act of 1990. Produced for the Committee on Oil Pollution Act of 1990 (Section 4115) Implementation Review, by the Marine Board, Commission on Engineering and Technical Systems, National Academy Press, Washington.

OPA '90'. Oil Pollution Act of 1990, Title IV, Section 4115.

OSIR. 1996. International Oil Spill Statistics 1996. Prepared by D.S. Etkin with Cutter Information Corp., Arlington, Virginia.

OPL. Cross Cascade Pipeline Project/Product Spill Analysis. May 24, 1997. Contained as an Appendix (no number or author) in Vol. III of the Revised Application for Site Certification, Olympic Pipeline, 1998. Note: original technical report of the same title prepared by Dames and Moore for Olympic Pipeline was submitted to EFSEC dated Feb 28, 1997.

Tidewater Barge Lines Inc. June 4, 1998. Responses to Olympic's Second Informal Discovery Requests. Letter from J. Waldron to J. Preece.

United States Coast Guard. Validated Case Studies of All Spill Incidents over 10,000 gallons, 1992-96. Internal list provided by Cdr. C. Boegel, Marine Safety and Environmental Protection Directorate Quality Assurance Staff (G-MO-1), Washington, D.C.

United States Coast Guard. Summary of Spills Over 1,000 Gallons From Tank Barges 1992-97. Internal data sheets prepared for the American Waterways Operators.

United States Coast Guard. August 1992. Interim Final Rule (IFR) on Double Hull Standards for Carrying Oil in Bulk. Effective September 11, 1992, superseding the guidelines of NVIC 2-90 and constituting modifications to 33 CFR Parts 155 and 157 and 46 CFR Parts 30.

Yellowstone. September 1995. Yellowstone Pipeline Easement Renewal Final Environmental Impact Statement. Prepared by L.W. Reed Consultants Inc., Fort Collins CO (risk analysis subsections prepared by Chambers Group Inc. and reused verbatim in the Cross Cascade DEIS, Appendix A).
