Seattle City Light. 2001. Resolution Number 30359. A resolution outlining Seattle City Light's strategy for meeting the goal of zero net greenhouse gas emissions and establishing specific greenhouse gas mitigation targets and timelines. July 23, 2001.

Sumas Energy 2, Inc., Dames & Moore, McCulley, Frick and Gilman, Bexar Environmental Consulting Ltd., Perkins Coie, and Foster Pepper. 1999. Sumas Energy 2 generation facility application for site certification agreement. January 1999. (Application No. 99-1). Submitted to Washington Energy Facility Site Evaluation Council, Olympia, WA.

U.S. Department of Energy. 1999. Carbon dioxide emissions from generation of electrical power in the United States. October 15, 1999.

\_\_\_\_\_. 2000. Life cycle assessment of a natural gas combined cycle power generation system. U.S. Department of Energy, National Renewable Energy Laboratory. Report No. NREL/TP-570-27715. September 2000.

### **Section 3.2: Groundwater Quality**

City of Sumas. 1996. City of Sumas wellhead protection plan. Prepared by Associated Earth Sciences, Inc.; Water Resources Consulting L.L.C., Bellingham, WA; Horsley & Witten, Inc. May 28, 1996.

\_\_\_\_\_. 1999. City of Sumas water system comprehensive plan. Revised October 25, 1999.

U.S. Geological Survey. 1999. Water resources investigations report 98-4195. Hydrogeology, groundwater quality, and sources of nitrate in lowland glacial aquifers of Whatcom County, Washington, and British Columbia, Canada. Cox, E., and S.C. Kahle.

### **Section 3.3: Groundwater Quantity**

Robinson and Noble. 2000. Memorandum on theoretical radii of potential interference at the Sumas well fields. From Burt G. Clothier, project hydrogeologist, Robinson & Noble, to Roy Elliot, Dames & Moore. January 27, 2000.

### **Section 3.4: Low-Frequency Noise**

American National Standards Institute. 1996. Bulletin S12.9-1996/Part 4. Quantities and procedures for description and measurement of environmental sound- Part 4: Noise assessment and prediction of long-term community response.

Newman, J.R. and K. McEwan. 1979. Low frequency gas turbine noise. American Society of Mechanical Engineers (Report 79-GT-196).

van den Berg, G.P. 1998. Sound exposure measurements in cases of low frequency noise complaints. Presented at Internoise 1998. Available: <<http://www.phys.rug.nl/scienceshop.physics/lf/lfn.htm>>.

### **Section 3.5: Wetlands**

Barger, C. 1999. Project Manager, Application Review Section, Department of the Army, Seattle District Corps of Engineers. Letter to Sumas Energy 2, Inc.

Bexar (Bexar Environmental Consulting Ltd.). 1999. Wetland mitigation report for the Sumas Energy 2, Inc. electric generating plant facility. White Rock, British Columbia.

\_\_\_\_\_. 2000. Wetland delineation & mitigation report for the Sumas Energy 2, Inc. electric generating plant facility. Blaine, WA.

City of Sumas. 1998. Shoreline master program. December 28, 1998.

Ecology (Washington State Department of Ecology). 1993a. Washington State wetlands rating guide - Western Washington (#93-74). Olympia, WA.

\_\_\_\_\_. 1993b. Restoring wetlands in Washington (#93-17). Olympia, WA.

\_\_\_\_\_. 1994. Guidelines for developing freshwater wetland mitigation plans and proposals (#94-29). Olympia, WA.

\_\_\_\_\_. 1997. Washington State wetlands identification and delineation manual (#96-94). Olympia, WA.

\_\_\_\_\_. 1998. How Ecology regulates wetlands (#97-112). Olympia, WA.

\_\_\_\_\_. 2000. Department of Ecology's stormwater management manual for western Washington. Publications #99-11– #99-15, depending on volume. Note: As indicated by Ecology's online list of publications, the manual was updated in January 2001. Olympia, WA.

URS Corporation. 2001. Summary of existing wetland acreages and wetland impacts, and proposed compensatory mitigation for Sumas 2 energy generation facility. Letter from URS Corporation submitted to Washington State Energy Facility Site Evaluation Council, August 31, 2001.

### **Section 3.6: Flooding Potential**

David Evans & Associates, Inc. 1996. Flood impacts of the Boundary Paper site. Sumas, WA.

KCM, Inc. 1997. Hydraulic modeling technical memorandum. Submitted to David Davidson, city of Sumas, Washington. June 19, 1997. 14 pp.

## Section 3.7: Seismicity

Atwater, B.F. 1987. A periodic Holocene recurrence of widespread, probably coseismic subsidence in southwestern Washington; EOS, v. 68, no. 44.

\_\_\_\_\_. 1992. Geologic evidence for earthquakes during the past 2000 years along the Copalis River, southern coast of Washington; Journal of Geophysical Research, v. 97, pp. 1901-1919.

Booth, D., and B. Hallet. 1993. Channel networks carved by subglacial water: Observations and reconstruction in the eastern Puget lowland of Washington. Geological Society of America Bulletin, vol. 105, pp. 671-683.
