**Subject: Tesoro Savage Vancouver Energy Distribution Terminal:
Application for Site Certification**

Dear Librarian:

The Energy Facility Site Evaluation Council (EFSEC) is the Washington State agency responsible for the environmental review of the proposed Tesoro Savage Vancouver Energy Distribution Terminal, at the Port of Vancouver. During the review of such a project, EFSEC issues a number of documents that may be made available for public reference in the vicinity of the proposed project site. You or a member of the library staff has been contacted by EFSEC staff, to confirm that your location would be available to house such public reference documents.

Enclosed with this letter are two copies of the Application for Site Certification. The attached Summary Table indicates the number of copies being sent to your library. We are hereby requesting that you make these documents available for public inspection and reference in your library.

Please contact our office if you feel public interest in these documents warrants additional copies.

Thank you for your assistance in this matter. If you have any questions, please contact Sonia Bumpus, Siting Specialist at 360-664-1903.

Sincerely,

Stephen Posner
Energy Facility Acting Manager
Energy Facility Site Evaluation Council

Enclosures: Summary Table - List of Libraries
