

STATE OF WASHINGTON
ENERGY FACILITY SITE EVALUATION COUNCIL
PO Box 43172 • Olympia, Washington 98504-3172

September 3, 2013

Mr. Todd Coleman, Executive Director
Port of Vancouver Board of Commissioners
3103 NW Lower River Rd
Vancouver, Washington 98660

Subject: EFSEC Member Appointment

Dear Mr. Coleman:

On August 29, 2013, Tesoro-Savage, a joint venture, submitted an application to the Washington State Energy Facility Site Evaluation Council (EFSEC) to construct and operate a crude oil-by-rail unloading and marine loading facility at the Port of Vancouver.

This application starts EFSEC's process for review as authorized under Title 80.50 RCW in accordance with its rules codified in Chapter 463 WAC. State law provides:

“For any port district wherein an application for a proposed port facility is filed subject to this chapter, the port district shall appoint a member or designee as a nonvoting member to the council. The member or designee so appointed shall sit with the council only at such times as the council considers the proposed site for the port district which he or she represents, and such member or designee shall serve until there has been a final acceptance or rejection of the proposed site. The provisions of this subsection shall not apply if the port district is the applicant or either singly or in partnership or association with any other person.” [RCW 80.50.030(6)].

The person the Port of Vancouver Board of Commissioners appoints as a non-voting member of EFSEC should be familiar with port issues so as to provide local insight to the EFSEC process.

EFSEC anticipates it will hold adjudicative proceedings for this project, so the person you appoint will need to be aware of ex parte rules and regulations that apply to each EFSEC member. In addition, the person must be able to participate fully in EFSEC's process. EFSEC expects the time commitment to initially be approximately one day per

month starting in October 2013, and then several consecutive days a month once the adjudicative hearings begin.

RCW 80.50.090 requires EFSEC to hold a public information meeting within sixty days of receipt of an application. That meeting must be held at a location as close as practical to the proposed site. We will schedule that meeting for some time in late October and will be in contact with you regarding the time and place.

If you have any questions concerning this project or the Port's representative on EFSEC please call me at (360) 664-1903.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephen Posner". The signature is fluid and cursive, with the first name "Stephen" written in a larger, more prominent script than the last name "Posner".

Stephen Posner
Acting EFSEC Manager
