Cardno ENTRIX

Appendix D Issue Categories and Codes

Table of Scoping Comment Issue Categories and Codes

Issue Category	Issue Code	Definition	Category	Geographic Area of Concern
Alternatives	AL1	Comments requesting consideration of reasonable alternatives to the		
		proposed project, including consideration of alternative sites, alternative	Regulatory and SEPA	Not Categorized
Air Quality (onsite sources)	AQ1	transportation routes, and alternative sources of energy. Comments focused on air emissions, dust, and odors from facility operations;	Air Quality	Not Categorized
		including possible health effects from release of air toxics. Includes general		
Nin Condition (mill annum)		comments regarding air quality and air pollution.	Air Quality	On-site
Air Quality (rail sources) Air Quality (marine vessel sources)	AQ2 AQ3	Comments focused on exhaust emissions from diesel-electric locomotives. Comments focused on exhaust emissions from marine vessels operating on	Air Quality	Off-site
		the Columbia River or moored at the loading dock.	Air Quality	Off-site
Climate Change	CC1	Comments requesting consideration and analysis of effects on global climate change.	Climate Change	Not Categorized
Cumulative Effects (onsite and vicinity)	CE1	Comments requesting analysis of the cumulative impacts from other past,		
		present, and reasonably foreseeable projects on the project site or in the project vicinity.	Cumulative Effects	On-site
Cumulative Effects (offsite - rail and marine)	CE2	Comments requesting analysis of the cumulative impacts associated with		
		other crude oil and coal terminal projects, including associated rail and marine		
		operations. Category includes general comments concerning cumulative effects, including comments to consider impacts at point of resource		
Emargu and Natural Passuress	EN1	extraction and/or end use. Comments focused on national energy policy, fossil fuels vs. renewable energy	Cumulative Effects Energy and Natural	Off-site
Energy and Natural Resources	EINT	(wind, solar, biofuels), and energy conservation.	Resources	Not Categorized
Fish, Wildlife, and Vegetation (general)	FW1	General comments concerning impacts on fish, wildlife, and vegetation.	Fish, Wildlife, and Vegetation	Not Categorized
Fish, Wildlife, and Vegetation (onsite)	FW2	Comments concerning potential onsite impacts on fish, wildlife, vegetation,	vegetation	Not Categorized
		wetlands, threatened and endangered species from construction and		
		operation of the proposed project, including habitat removal, introduction of exotic plants and invasive marine organisms; disturbance, displacement, and		
		direct mortality from construction activities; and oil spills in upland areas or in	Fish, Wildlife, and	
Fish, Wildlife, and Vegetation (offsite - marine vessels)	FW3	the marine vessel loading area. Comments concerning potential offsite impacts on fish, wildlife, vegetation,	Vegetation	On-site
, Tradite, and Vegetation (offsite - marine Vessels)	1 443	wetlands, or threatened and endangered species from increased marine vessel		
		operations on the lower Columbia River, including the introduction of invasive		
		marine organisms; disturbance, displacement, or direct mortality due to collisions, propeller strike, or wake stranding, and impacts from a limited or		
		catastrophic oil spill involving a tanker.	Fish, Wildlife, and	
Fish, Wildlife, and Vegetation (offsite - rail)	FW4	Comments concerning potential offsite impacts on fish, wildlife, vegetation,	Vegetation	Off-site
risii, wiidiile, alid vegetation (offsite - faii)	FVV4	and threatened and endangered species from off-site train operations,		
		including disturbance or direct mortality due to collisions, disruption of		
		migration routes, and impacts from a limited or catastrophic oil spill and/or fire.	Fish, Wildlife, and Vegetation	Off-site
General Comment - opposed	GC1	Comments stating opposition to the proposed project.	General Comment	Not Categorized
General Comment - In favor	GC2 GC3	Comments stating support for the proposed project.	General Comment General Comment	Not Categorized
General Comment Regulatory and Procedural Concerns	RP1	General comment, non-specific. Comments pertaining to federal, state, or local regulations, State	General Comment	Not Categorized
		Environmental Policy Act (SEPA) procedures or requirements, the Port of		
		Vancouver lease agreement with Tesoro-Savage, or other legal concerns.	Regulatory and SEPA	Not Categorized
Geology and Soils (onsite)	GS1	Comments concerning onsite geology, soils, erosion, earthquakes, liquefaction,		_
Geology and Soils (offsite)	GS2	including the shoreline area. Comments concerned with geologic conditions along rail or marine	Geology and Soils	On-site
deology and sons (onsite)		Comments concerned with geologic conditions along rail of marine		
	032	transportation routes.	Geology and Soils	Off-site
Historic and Cultural Preservation	HC1	Concerns over impacts to archaeological resources, historic buildings, or tribal		Off-site
Historic and Cultural Preservation			Historic and Cultural	
Historic and Cultural Preservation Environmental Health (onsite - fire and explosion)		Concerns over impacts to archaeological resources, historic buildings, or tribal concerns. Comments concerning the volatility of crude oil and the risk of fire and/or	Historic and Cultural Preservation	Off-site Not Categorized
	HC1	Concerns over impacts to archaeological resources, historic buildings, or tribal concerns.	Historic and Cultural Preservation	Not Categorized
	HC1	Concerns over impacts to archaeological resources, historic buildings, or tribal concerns. Comments concerning the volatility of crude oil and the risk of fire and/or	Historic and Cultural Preservation	
Environmental Health (onsite - fire and explosion)	HC1 EH1	Concerns over impacts to archaeological resources, historic buildings, or tribal concerns. Comments concerning the volatility of crude oil and the risk of fire and/or explosion at the project site (including security/terrorism concerns). Comments concerning the volatility of crude oil and the risk of fire and/or explosion along rail or marine transportation routes (including	Historic and Cultural Preservation Environmental Health and Safety Environmental Health	Not Categorized On-site

Issue Category	Issue Code	Definition	Category	Geographic Area of Concern
Emergency Response (offsite - marine)	ER3	Comments concerning the adequacy of existing emergency plans and the ability of local police departments, fire departments, emergency medical personnel to respond to vessel collisions, groundings, or other accidents that result in catastrophic oil spills, explosions, or fires.	Emergency Response	Off-site
Emergency Response (private parties)	ER4	Comments concerning the ability of plant operators and the BNRR to implement emergency response plans and spill response plans in the event of train derailments or collisions, vessel loading mishaps, vessel collisions and groundings, or other accidents resulting in limited or catastrophic oil spills.		Not Categorized
Land and Shoreline Use (plans and policies)	LU1	Comments regarding the consistency/inconsistency of the proposed project with adopted land use plans and zoning.	Land and Shoreline Use	Not Categorized
Land and Shoreline Use (existing and proposed)	LU2	Comments concerning the compatibility of the proposed project with nearby residential land uses and the proposed Columbia Waterfront Development Project.	Land and Shoreline Use	Not Categorized
Purpose and Need	PN1	Comments regarding the purpose and need for the project.	Regulatory and SEPA	Not Categorized
Public Services and Utilities	PS1	Comments concerning the increased demands on public services (police, fire, emergency medical services) and public utilities (water, sewer, electricity) during normal plant operations.	Public Services and Utilities	Not Categorized
Recreation	RC1	Comment concerning potential negative effects on local and regional recreational resources (i.e. parks, trials, and the Columbia River Gorge National Scenic Area).	Recreation	Not Categorized
Socioeconomics (positive effects)	SE1	Comments concerning the positive impacts on jobs, economic growth, and local and state tax revenue.	Socioeconomics and Economics	Not Categorized
Socioeconomics (negative effects)	SE2	Comments concerning the negative impacts on property values, quality of life, attraction of new residents and businesses, and tourism.	Socioeconomics and Economics	Not Categorized
Transportation (vehicles)	TR1	Comments on potential impacts from plant construction and operation on local vehicular traffic and safety. Category includes general comments concerning transportation.	Transportation	On-site
Transportation (marine vessels)	TR2	Comments focused on concerns over increased numbers of oil tankers operating on the Columbia River, including the increased risk of ship collisions and groundings.	Transportation	Off-site
Transportation (rail)	TR3	Comments focused on concerns over increased train traffic in the Vancouver metropolitan area and along major rail corridors in Washington State, including increased traffic delays and delays to emergency vehicles at railroad crossings, interference with the movement/circulation of people and goods, and increased risk of derailments and accidents.		
Visual Quality (local)	VQ1	Comments concerning the visual or aesthetic impacts of the new facility on	Transportation	Off-site
Visual Quality (regional)	VQ2	existing views or vistas. Comments concerning the visual or aesthetic impacts of additional trains operating in the Columbia River Gorge National Scenic Area.	Visual Quality Visual Quality	On-site Off-site
Water (onsite)	WA1	Comments concerning potential impacts on rivers, streams, ground water, and aquifers near the project site from limited or catastrophic oil spills.		On-site
Water (offsite - marine vessels)	WA2	Comments concerning potential impacts on the Columbia River and adjacent riparian waterways from limited or catastrophic oil spills.	Water	Off-site
Water (offsite - rail)	WA3	Comments concerning potential impacts on rivers, streams, and aquifers located along major rail routes from limited or catastrophic oil spills.
