

STATE OF WASHINGTON  
ENERGY FACILITY SITE EVALUATION COUNCIL  
PO Box 43172 • Olympia, Washington 98504-3172

October 23, 2017

Mr. Robert Ferguson  
Attorney General  
P.O. Box 40100  
Olympia, Washington 98504-0100

Subject: Appointment of Counsel for the Environment

Dear Mr. Ferguson:

On October 16, 2017 Tuusso Energy, LLC submitted an application to the Washington State Energy Facility Site Evaluation Council (EFSEC) to construct and operate a solar project, located in Kittitas County.

EFSEC's process for review is authorized under Title 80.50 RCW in accordance with its rules codified in Chapter 463 WAC. Under the law, once an application for a major energy facility is received, "the Attorney General shall appoint an Assistant Attorney General as the Counsel for the Environment" (CFE) (RCW 80.50.080). We expect to have our first public informational meeting early December 2017, which is the time we typically introduce the CFE the public.

I look forward to working with your appointee during the processing of this application. If you have any questions concerning this project please call me at (360) 664-1903.

Sincerely,

Stephen Posner  
EFSEC Manager
