Re: GHEC's Final Prevention of Significant Deterioration (PSD) Permit to Upgrade General Electric (GE) Combustion Turbine

Dear Mr. Chris Sherin:

EFSEC is pleased to present you with the enclosed final Prevention of Significant Deterioration (PSD) permit Number EFSEC/2001-01, Amendment 5 for GHEC's site in Elma, Washington.

I have also enclosed a copy of the permit's technical support document. No comments were received for the proposed permit amendment.

The enclosed PSD permit, or any conditions contained in it, may be appealed to the Pollution Control Hearings Board within 30 days as provided in Chapter 43.21B RCW and Chapter 371-08 WAC.

If you have any questions, please contact Kyle Overton at 360-664-1357 or kyle.overton@utc.wa.gov. Thank you for your cooperation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sonia Bumpus".

Sonia Bumpus
EFSEC Manager
