Subject: DNR Representative to EFSEC

Dear Chair Drew:

I have designated Dever Haffner-Ratliffe as the Department of Natural Resources' (DNR) representative to the Energy Facility Site Evaluation Council. Dever serves as DNR's Clean Energy Program Manager, and prior to that managed the Department of Commerce's Energy Efficiency and Solar Grants Program in the State Energy Office.

Devers's background includes ten years of renewable energy experience. She also has served on several non-profit and municipal committees which focused on utility and climate issues. Dever recently earned a Master's in Business Administration from the University of Washington Foster School of Business and has a Bachelors' in Business and Sustainability from The Evergreen State College.

I expect that she will be a well-prepared, active, deliberative contributor, as the Council carries out its important work. She can be reached at [redacted] or 360-742-4133.

Sincerely,

Hilary S. Franz
Commissioner of Public Lands
