RE: Horse Heaven Wind Farm LLC

Councilmembers:

Thank you for the opportunity to provide comment regarding the Horse Heaven Wind Farm LLC project near the Tri-Cities.

WSDOT would like to ensure that the project team has filed the FAA Form 7460-1 to have an airspace analysis for the wind turbine portion of the project. The heights of the turbines would require an airspace evaluation by the FAA.

Additionally, the solar array portion of the project may require glare analysis from the FAA Airports Office if it is considered an impact to the operations at the airports in the area.

WSDOT Aviation appreciates the opportunity to offer comments and are available for any questions or concerns you may have. Please don't hesitate to contact me at 360-890-5258 or max.platts@wsdot.wa.gov.

Sincerely,
Max Platts
WSDOT Aviation Division
