RE: Withdrawal of Expedited Processing request (Ch. 463-43 WAC); Horse Heaven Wind Farm project

Dear Ms. Bumpus:

This letter confirms the conversation between you and Dave Kobus, Scout Clean Energy Project Manager, during which you discussed preparation of an Environmental Impact Statement ("EIS") for the Horse Heaven energy project. We understand that EFSEC will issue a Determination of Significance and a scoping notice to initiate the EIS process in accordance with WAC 197-11-360 and -980.

Sincerely,

A handwritten signature in blue ink that reads "Darin Huseby". The signature is fluid and cursive, with a large loop at the end.

Darin Huseby  
Director – Western U.S. Development
