Data Request No. 7

Dear Mr. Kobus,

Attached is Data Request Number 7 pertaining to the Final Environmental Impact Statement (Final EIS). Data Request No. 7 replaces the data request submitted March 21, 2023 that was errantly labeled as Request No. 6. Data Request No. 7 was prepared after conducting a review of the Updated Application for Site Certification as well as a review of comments received during the Draft EIS public comment period that closed on February 1, 2023.

It is our intention that the detailed requests for information will assist you in preparing materials necessary to complete the Final EIS. Note that each request is labeled with a Data Request ID for tracking purposes and is numbered sequentially as the relevant language will appear in the Final EIS (e.g., FEIS-Air-1). The requested information can be provided in the blank column in the attached table, or if lengthy, provided as an attachment to the table. Responses in an attachment should have the appropriate ID number referenced. EFSEC requests that you submit the additional information by April 18, 2023. Please contact EFSEC if there are concerns about meeting this timeline. Additional data requests may follow; however, we wanted to provide you with the majority of the requests as early as possible.

Please contact Amy Moon at [amy.moon@utc.wa.gov](mailto:amy.moon@utc.wa.gov) or by calling (360) 664-1362 if you have any questions concerning this letter or the data request.

Sincerely,

Ami Hafkemeyer  
EFSC Director of Siting and Compliance
