EFSEC Staff will maintain the main adjudication exhibit list and make best efforts to update this list after each day of the adjudicative hearing and distribute the current version to all parties the following morning.

The “Date” field in the main adjudication exhibit list will refer to the date on which the exhibit is first introduced by the sponsoring party and/or to the date on which its status is ruled upon.

The “Status” fields indicate whether the exhibit was admitted (A), rejected (R), or withdrawn (W).
