Subject: Final Environmental Impact Statement (Final EIS)
Data Request No. 9

Dear Mr. Kobus,

This letter serves as Data Request Number 9 pertaining to the Horse Heaven Wind Farm Final Environmental Impact Statement (Final EIS). The Energy Facility Site Evaluation Council (EFSEC) staff prepared this data request based on discussions with you and your team regarding proposed avoidance measures and refined project information. Please provide detailed information on the following layout modifications:

1. East solar array reduction.
2. Infrastructure shift away from canyons.
3. Removal of 13 Wind Turbine Generators (WTGs).
4. Removal of duplicate transmission/substation infrastructure.
5. Addition/modification of construction laydown areas.
6. Addition of radar towers for Aircraft Detection Lighting Systems (ADLS).
7. Modification of transmission line route to Webber Canyon point of interconnect (POI).
8. Updating fire protection for Battery Energy Storage System (BESS).
9. Shift some BESS from East to West.

It is our intention that the detailed requests for information will assist you in preparing materials necessary to complete the Final EIS. EFSEC requests that you submit the additional information by August 14, 2023. Please contact EFSEC if there are concerns about meeting this timeline.

Please contact Amy Moon at amy.moon@efsec.wa.gov or by calling (360) 664-1362 if you have any questions concerning this letter or the data request.

Sincerely,

Amí Hafkemeyer
EFSEC Director of Siting and Compliance
