

STATE OF WASHINGTON

## ENERGY FACILITY SITE EVALUATION COUNCIL

PO Box 43172 • Olympia, Washington 98504-3172

June 24, 2021

TO: Interested Persons  
FROM: Sonia Bumpus, EFSEC Manager  
SUBJECT: Mitigated Determination of Nonsignificance – OneEnergy Renewable (OER) WA Solar 1, LLC - Goose Prairie Solar Project

Under the State Environmental Policy Act, or SEPA, the Energy Facility Site Evaluation Council (EFSEC) is required to ensure that environmental values are considered for projects under its jurisdiction. As the EFSEC SEPA Responsible Official, I have reviewed environmental information submitted by the proponents and others regarding the proposed OER WA Solar 1 – Goose Prairie Solar Project.

Enclosed you will find a Mitigated Determination of Nonsignificance that includes mitigation so that the proposal would not have a probable significant adverse impact on the environment.

The public and agencies are invited to comment on this Mitigated Determination of Nonsignificance by submitting written comments no later than **July 8, 2021**.

Comments can be submitted electronically online by visiting the EFSEC website: <https://comments.efsec.wa.gov>.

Written comments can be submitted by mail to:  
The Energy Facility Site Evaluation Council  
PO Box 43172  
Olympia, WA 98504-3172

For more information please contact Amí Kidder, EFSEC Siting and Compliance Manager at 360.664.1305 or by email at [ami.kider@utc.wa.gov](mailto:ami.kider@utc.wa.gov).
