Umair A. Shah, MD, MPH, Secretary, Department of Health
Major General Bret D. Daugherty, Military Department
Roger Millar, Secretary, Department of Transportation

FROM: Sonia Bumpus, EFSEC Manager Energy Facility Site Evaluation Council

DATE: October 28, 2021

SUBJECT: Energy Facility Site Evaluation Council Member Participation in Siting
Process for Badger Mountain Solar Project Docket: # EF-210747

This letter is to advise you that on October 7, 2021, the Washington State Energy Facility Site Evaluation Council (EFSEC) received an Application for Site Certification (ASC) from Avangrid Renewables, LLC for a 200 megawatt (MW) solar photovoltaic (PV) generation facility and optional 200 MW battery energy storage system (BESS) located in unincorporated Douglas County, Washington.

Under RCW 80.50.030(3)(b) your agency may choose to participate as an EFSEC member for review of the proposed Project. To participate as a member of EFSEC, your department should notify EFSEC of its designee no later than December 6, 2021, however if the designee would like to attend the Informational Meeting and Land Use hearing please notify us no later than November 16, 2021

To learn more about the project please visit the EFSEC web site at <https://www.efsec.wa.gov/energy-facilities/badger-mountain> or you may call me at 360-704-0196.
