DATE: October 28, 2021

SUBJECT: Proposed Badger Mountain Solar Energy Project by Avangrid Renewables, LLC Docket: # EF-210747

On October 7, 2021, the Washington State Energy Facility Site Evaluation Council (EFSEC) received an Application for Site Certification (ASC) from Avangrid Renewables, LLC for a 200 megawatt (MW) solar photovoltaic (PV) generation facility and optional 200 MW battery energy storage system (BESS) located in unincorporated Douglas County, Washington. EFSEC is beginning its review process of the Badger Mountain Project as required by Chapter 80.50 Revised Code of Washington (RCW) and Title 463 Washington Administrative Code (WAC). Under WAC 197-11-938, EFSEC is the lead SEPA agency for this project.

A copy of the ASC is available to your representative via the EFSEC Council SharePoint Site or on the EFSEC website. If you have any questions, please feel free to call me at (360) 704-0196
