RE: Conceptual Approval - High Top Solar Project, SR-24 MP 26.51 left

Dear Mr. Fowler:

This letter conceptually approves the High Top Solar Project's proposal to construct a paved approach not to exceed 30' in width. The approach shall be gated and locked when not in use. The approach is located on State Route 24 (SR 24) milepost 26.51 left. Construction of this approach requires the removal of the existing approach located at milepost 26.53 left. The access connection permit processing fee is \$500.

This approval is contingent on Yakima County's and/or EFSEC's approval of the High Top Solar Project.

If you have any questions or to apply for the permit, please contact Mark Kaiser at (509) 577-1668.

Sincerely,

A handwritten signature in cursive script that reads "Paul Gonseth".

Paul Gonseth, P.E.  
Planning Engineer
