Q1. **Are you part of an Agency or Organization?** No

Q2. **Share any comment**

There is absolutely no reason to not approve this project. The land has already been grazed and burned by wildfires in the past so little of the natural shrub steppe remains, it's near power lines, and there's no irrigation in the area so it's not eating up farm land. Plus, it helps diversify power generation in the area.

Q3. **Upload your document (optional)** not answered

Q4. **Upload a picture (optional)** not answered

Q5. **Did you also share a video?** No

Q6. **What is the title of your video?** not answered
