Ms. Snarski, during our phone conversation I questioned how citizens are notified of meeting and hearings. You told me EFSEC goes above and beyond what is required. You went on to site how for the Bagder Mountain project EFSEC posted notices in the Spokane and Wenatchee papers. If that is EFSEC's normal notification policy, why didn't you/EFSEC follow that same policy for the CCR Carriger solar project meeting for June 9,2023? Is this lack of notification intentional to avoid hearing opposition from the impacted citizens? Greg Wagner C.E.A.S.E. CITIZENS EDUCATED ABOUT SOLAR ENERGY
