Re: Carriger Solar project, Klickitat County

Ms. Snarski,

The Klickitat County Board of Commissioners understand that EFSEC has set the public information meeting and land use consistency hearing for the 25th of April, 2023 for the Carriger project within our County.

Klickitat County is preparing documents to address land use consistency and other impacts the project may have on Klickitat County and respectfully request that the land use consistency hearing be pushed out three (3) weeks to allow staff to prepare.

Thank you for your time and consideration. Please do not hesitate to contact us if you have questions or concerns.

Sincerely,

BOARD OF COUNTY COMMISSIONERS  
Klickitat County, Washington
